

REMARKS

Reconsideration and allowance of this application are respectfully requested in light of the above amendments and the following remarks.

Applicants acknowledge with appreciation the indication in the Office Action that claims 2, 6, and 7 are allowable. Claims 1-7 have been canceled in favor of new claims 8-12. Claim 8 recites the subject matter of allowable claim 2 in independent form, and independent claim 9 recites the subject matter of allowable claim 6 in independent form. Claims 10-12 depend from claim 9 and recite the subject matter of original claims 4, 5, and 7, respectively. The new claims have been drafted to avoid the issue underlying the objection to claim 5. Therefore, allowance of claims 8-12 is deemed to be warranted.

A new Abstract is attached.

Replacement Sheets for Figs. 1 and 2 are submitted herewith to provide labels for box components.

The specification has been amended to include section headings. No new matter is believed to be introduced by the amendments of the specification.

In view of the above, it is submitted that this application is in condition for allowance and a notice to that effect is respectfully solicited.

If any issues remain which may best be resolved through a telephone communication, the Examiner is requested to telephone the undersigned at the local Washington, D.C. telephone number listed below.

Respectfully submitted,

/James Edward Ledbetter/
